PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POW storage areas, (H) other buildings and facilities, (I) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A 143-acre secured ammunition storage area is located approximately 4 kilometers (km) south of Sagaredzho (Figure 1). The north section of the installation is fenced and contains unrevetted storage buildings. The south section contains revetted storage buildings and a guard-

house. Adjacent to the storage area is a support facility with barracks, administration, and several support buildings (Figures 2 and 3).

little change in the area and continuous activity.

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

This installation has access to the single-track Tbilisi-Telavi rail line. No rail spurs enter the area.

Road Service

The installation is served by gravel or crushed stone all-weather roads.

Administrative and Troop Housing Areas

Area D contains 1 multistory barracks, 2 administration buildings, and 9 support buildings.

Ammunition Storage Areas

Area F1 contains 14 revetted storage buildings, 1 administration building, and a probable guardhouse.

Area F2 contains 7 unrevetted storage buildings.
